Subject: FW: EPA to hold Virtual Public Information Meeting - November 18, 2020
Date: Friday, November 06, 2020 1:42:00 PM

Hi Bob – Please note that most of the requested documents are available through EPA’s webpage for the site, located at:

<http://epa.gov/superfund/ringwood-mines>

The OU2 and OU3 Administrative Records are also available through the webpage noted above.

Joe

Joseph Gowers
Project Manager
U.S. EPA
New Jersey Remediation Branch
(212)637-4413

Subject: RE: EPA to hold Virtual Public Information Meeting - November 18, 2020

Dear Ms. Seppi,

Can you please immediately send me the following in preparation of the meeting so the EWA can have its technical advisors review the documents?

1. All reports generated since 2016 including:
 1. Groundwater monitoring Site wide;
 2. Groundwater Peters Mine
 3. Groundwater O'Connors Disposal Area
 4. Groundwater Cannon Mine
 5. Any and all Correspondence between USEPA, Ford and municipality on O'Connor Disposal Area.
 6. Remedial Investigation/ Feasibility studies for any operable unit at Ringwood Mines Superfund Site generated or revised
 7. All generated by Ford, their contractors or Ringwood Boro
 8. All letters sent by the USEPA to any of the responsible parties in response to submittals to the agency or the NJDEP, or USGS
 9. Any USEPA documents produced for the Remedy review board
 10. Any Explanation of significant differences (ESD) or ROD amendments since 2016
 11. All Ecological and human Health risk assessment related documents.

Any documents that are not included but pertain the Ringwood Mines Superfund Site please also include as the Edison Wetlands Association, Inc. needs a complete administrative record in order to allow the community to have meaningful input and involvement at this site.

I will ask Shannon Lisa to submit an office FOIA but we need to review these documents and have tie for our paid Technical consultants to review them and produce a summary of the documents. The EWA has hired technical consultant to continue to assist the Ringwood Mines Community with the site so I would greatly appreciate Joe Gowers or the current project manager sending us the complete administrative record for the Ringwood Mines Superfund Site as soon as is possible.

Respectfully,
Robert Spiegel
Executive Director
Edison Wetlands Association

Good Morning All,

EPA is planning to hold a virtual Public Information Meeting on
Wednesday, November 18, 2020 from 6 pm until 8 pm.
Please save the date. We have prepared a fact sheet which will be
sent to everyone on our email list that will contain the information
about the meeting as well as adding the virtual information on our
web page. If you choose to log on with Skype, you will be able to
see the presentation. If you call in to the conference number that
we will provide, you will be able to hear the presentation. That
fact sheet will go out early next week. The fact sheet will also
update you on what is going on at the site related to both OU2 and
OU3.

Thank you and we will reach out to you with all the information first
thing next week.

Pat
